- You were selected as a possible participant because you either take technology related courses (may include APCSA, Java/C++ programming, Python/Machine Learning, Data Modeling/SQL...etc) or enroll in art related courses.
- We ask that you read this form and ask any questions that you may have before agreeing to be in the study.

### Purpose of Study

- The purpose of the study is to provide the public insights into the development of Artificial Intelligence creativity and assist future policy making on Artificial Intelligence Intellectual Property rights.
